IMPORTANT NOTE

Most 'fixed' equipment can be moved to accommodate your event. However, please discuss this with the Technical Operations Manager before proceeding and please make sure items are returned to their standard positions during bump out to avoid extra costs.

Whilst every effort is made to ensure this stock is available and in good working order, please check specific items with the venue prior to hire period. All requests for equipment must be made in writing to Meat Market's team. The equipment availability is based on a first come first serve basis and may incur hire charges. Any equipment that is damaged by hirer use will incur repair or replacement charges. Please discuss requirements with Meat Market's team, charges apply.

DWG & PDF's of each space/floorplan/lighting rigs are available upon request to the Technical Manager.

Other	Whiteboard and lectern available upon request

ROOM SPECIFICATIONS – Kitchen

The commercial kitchen is the only area in the venue where gas appliances or cookware that requires exhaust can be used. Meat Market will require evidence of Risk Management planning for use of such appliances.

Refrigeration 1 x SKOPE TME 1500-C 3 door fridge
 1 x SKOPE TME Activecore 2 door fridge (980L)
 1 x Westinghouse chest freezer (830mm W x 720mm W x 997mm H)

Oven 1 x Goldstein 6 burner gas oven, under exhaust

Dishwasher 1 x Norris small undercounter glass washer
 1 x Norris Cafemaster undercounter dish washer

Stainless Steel Bench 1 x stainless steel island bench

If additional space is required, the bays outside the kitchen can be converted into an additional prep or service area. Induction or electric cookware can be used in this area. Please note that there is no exhaust in this area, smoke from cooking is prohibited.

LIGHTING DETAILS

Additional lighting requirements may be arranged, please discuss requirements with Meat Market's team, charges apply.

Controllers	1 x ETC Ion console with 1x20 fader wing, 6144 outputs. 1 x ETC Nomad dongle with Programming Wing and touchscreen. 1 x JANDS 4 Pak Dimmer 1 x JANDS 4 Pak DMX Dimmer
Dimmers	6 x JANDS HPC 12 Dimmer/Controller with 40 Amp plug (3 in each pavilion, fixed) 1 x LSC epro 12 channel, 10A dimmer with 40 Amp plug (floating)

Cables	Various vision cables, transmitters and adaptors. HD-SDI & Ethercon CAT6 patching available through venue The venue cannot always provide adapters for all devices; it is recommended that anyone providing their own laptop brings the appropriate adapter to HDMI.

RIGGING & STAGING DETAILS

Alloy Box Truss Curved Arch:

Meat Market has an alloy box truss curved arch designed for circus rigging and other applications where the weight limitations of the lx bars prohibit heavy rigging.

Construction of the alloy box truss curved arch must be undertaken by qualified riggers, and takes a minimum four hours to complete, depending on its location in the space. Additional charges apply for both hire and construction of the alloy box truss curved arch.

Alloy box truss curved arch

The truss consists of:

Rigging for Curved Arch

7 x 3m (l) 300mm box truss

2 x 1m (l) 300mm box truss

4 x Custom angled alloy 6 way joiners

5 x 800kg Tirfor and cable

6 x 2m, 2t Round black slings

18 x 3.25t High load bow shackles

2 x Round custom steel base plates (BBQ plates) 1200mm (D) x 8mm (thick) (to suit 300mm box / tri truss)

Bolt sets and pins to suit

Truss lifter for install

Space Frame in Cobblestone Floor Pavilion

The Cobblestone Floor Pavilion houses a permanently installed space frame that allows for circus rigging, lighting rigging and other rigging applications. The space frame covers a footprint of approximately 12m x 9.5m and is located marginally off centre towards the Courtenay St end of the room. The internal width of the space frame is 11490mm and the height from cobblestones to lower cord at the apex of the truss is 8242mm. The space frame is constructed of custom 500mm box truss. The space frame has 3 rows of 9m box truss rigged on chain blocks to act as lighting bars. Rigging lighting directly onto the space frame greatly increases bump in times and costs. The space frame has an 11m x 9m stage built beneath it, and can be dressed in black curtains to create something of a black box theatre.

Rigging for LX bars in Space Frame

9 x 3m 300mm box truss

6 x 500kg GIS chain motors with controller

Point load for LX bars:

Additional Rigging Equipment

6 x 6m Alloy pipes

Various 90° and swivel Scaff clamps

4 x Round custom steel base plates (BBQ plates) 1200mm (D) x 8mm (thick) (to suit 300mm box / tri truss)

Various slings and shackles

All rigging work is classed as High Risk Work, only licenced riggers are to install and utilise the truss and rigging systems at Meat Market.

GENERAL EQUIPMENT

Seating Banks:

200px ACROMAT retractable seating bank

132px PROSTAGE fixed seating bank

Charges apply for the use of seating banks. Various setups are available.

Piano:

Yamaha S7XPE Grand Piano

Stage Cloths – (Drop m x Width m)

2 x 6.5m x 5.8m Black Woollen Tabs with fullness (Hung on fixed tab track upstage on truss arch)

3 x Curved truss borders (permanently hung on truss arch)

10 x 6m x 2.4m Black woollen legs

8 x 5.6m x 2.4m Black Woollen Legs

12 x 5.7m x 2.4m Black Woollen Legs

10 x 5.8 x 2.4m Black Woollen Legs

6 x 5.6m x 2.2m Black Woollen legs with fullness (Installed on Tab track at Tyrone St end of Pavilion for sound baffling)

4 x 1.2m x 5.8m Black Woollen Borders

1 x 5.8m x 12m White Cyclorama

Various Drape Push Up poles, cross beams and bases.

Rostra for Cobblestone Floor Pavilion:

50 x Prostage decks with black Masonite finish - 2m x 1m

200mm leg units to suit Prostage decks

Please note that the standard configuration for these decks is an 11m W x 9m D floor in the Cobblestone Floor Pavilion, at 200mm high, underneath the permanently installed space frame. Any change to the standard configuration will incur an additional fee.

Other Rostra:

16 x 2.4m x 1.2m Rollaway Megadeck with black plywood top

450, 600 & 800mm legs to suit

1 x 1.2m x 1.2m Megadeck with black plywood top (camera riser)

16 x 2m x 1m Prostage Staging carpeted decks with various legs.

All Rostra can be installed and removed in most configurations, please discuss requirements with Technical Manager, labour charges apply.

Flooring:

5 x 10m x 2m Reversible Pro Harlequin dancefloor White/Black

5 x 10m x 2m Reversible Pro Harlequin dancefloor Grey/Black

Red carpet runners

Various carpets and Astro Turf

Chairs:

350 x Sebel Padded linking Chairs Black / Dark Blue / Green (Pavilions)
100 x Sebel Padded Dark Blue (Stables)
70 x Black and Chrome velvet padded chairs (Meeting Room)

Tables:

9 x High Bar table with chairs 680mm diameter

2 x DJ tables
2 x Williams Upright single door fridges
15 x Bollards
4 x A-frame display boards (print size 600mm x 900mm, portrait orientation)
6 x A4 lollipop sign displays (portrait orientation)

ELEVATED ACCESS

2 x Haulotte Star 6 Motorized battery operated work platform

(Licenced Operators must be inducted for usage by Meat Market staff and display competency as per Worksafe regulations)

- Working height 5.8 m
- Platform height (max.) 3.8 m
- Platform capacity (max.) 230kg
- Platform size (inside) 0.77 x 1.38 m
- Stowed height 1.75m
- Stowed length 1.4 m
- Stowed width 0.79 m
- Driveable at full height 3.8 m

NOTE: EWP Log books must be completed prior to each use and the EWP must be stored in the allocated area. SOP available for any new user.

Ladders

- 1 x 3600mm Platform Safety Ladder
- 1 x 2400mm Platform Safety Ladder (Stables)
- 1 x 1200mm Fibreglass 'A' Frame Ladder
- 1 x 1800mm Fibreglass 'A' Frame Ladder
- 1 x Waku Telescopic Ladder

FIRE ALARM / SMOKE DETECTORS

Meat Market Technical Manager must approve the use of smoke machines, hazers, oil crackers or any other effect that results in major particle release (smoke, dust or mist), prior to the hire period in order that notification can be sent to the insurance company. Requests for these activities must be made in writing in advance of your booking. Pyrotechnics, open flame and use of glitter cannons or any other item with glitter is strictly prohibited in Meat Market. Charges will apply for any misuse.

Arrangements for the isolation of smoke detectors / alarms before each show must be made with the venue supervisor every time the venue is isolated.

The F.I.P log holds a record of isolation/de-isolation. It is located on the front of the Fire Information Panel and must be completed every time the venue is isolated.

Hirer's production manager, stage manager, lighting operator or other suitably competent person must notify the venue supervisor when isolation is required and prior to any smoke release.

Hirer must ensure that the venue is isolated only at the times when isolation is required. The venue must be de-isolated at all other times.

Any costs of false alarms resulting from failing to isolate smoke detectors / alarms will be forwarded to the hirer.
